PROFESSIONAL SUMMARY

Computer Science and Engineering student graduating in 2027 with basic knowledge of Java, Python, HTML, CSS, JavaScript, and SQL. Familiar with web development and database concepts through academic learning and beginner-level projects. A quick learner who is eager to learn new technologies, improve programming skills, and begin a career in software engineering.

EDUCATION

B.E – Computer Science and Engineering

- Mahendra College Of Engineering , | Expected Graduation: 2027

CGPA: 8.04

Higher Secondary (12th)

- Sree Vetri Vikas Matric Hr, Sec, School | State Board | [2022]

Percentage: 77.5%

Secondary (10th)

- Achievers Academy Matric Hr, Sec, School | State Board | [2020]

TECHNICAL SKILLS

Programming:	Java, Python
Web Development:	HTML, CSS, JavaScript
Database:	SQL, PostgreSQL
Tools & Platforms:	Git, GitHub, VS Code, Eclipse, Google Colab

CERTIFICATIONS

- TNSKILLS – RISE 4.0 Web Development Internship
- Infosys EmpowHER – AI Program Certificate
- AI Foundation and Green Skills– Skill4Future / Edunet
- NPTEL – Programming in Java
- Certificate Program in Cloud Computing Engineering – AWS / Azure (FutureSkills Prime / Nasscom)

PROJECTS

Python Learning Buddy – AI-Based Learning Assistant

- Developed a Python-based learning assistant with an interactive Streamlit interface.
- Created features to support learning and practice of Python concepts.
- Used Google Colab during development and ngrok for application access.

Restaurant Website Development

- Developed a responsive restaurant website to showcase restaurant information and food items.
- Designed an attractive and user-friendly interface for an improved browsing experience.
- Implemented responsive layouts using HTML and CSS.
- Applied CSS Flexbox, Grid and media queries for different screen sizes.

LinkedIn Growth Landing Page

- Developed a responsive landing page for personal branding and growth services.
- Designed user-friendly layouts and lead generation forms.
- Integrated Google Sheets for form submissions.

INTERNSHIPS & TRAINING

TNSKILLS – RISE 4.0 Internship

- Completed practical technical training and project-based learning.
- Strengthened programming, problem-solving and application development skills

Infosys EmpowHER – AI Program

- Completed foundational learning in Artificial Intelligence.
- Explored AI concepts, applications and related technical fundamentals.

CORE STRENGTHS

- Communication
- Teamwork
- Quick Learning
- Adaptability

AREAS OF INTEREST

- Web Development
- Database Management Systems (DBMS)
- Object-Oriented Programming
- Data Structures & Algorithms
